Dear Partners and Colleagues,

We hope you are all well. Special times call for special measures. In light of the worldwide situation concerning COVID-19, we would like to inform you about the state of affairs at our university.

We are in constant communication with the relevant authorities and ministries in order to implement appropriate measures at the university. Students and staff are regularly informed about the latest developments, recommendations and measures.

To prevent the spread of the virus and to ensure the health and safety of the population, Leibniz University Hannover is carrying out official preventive measures.

We are implementing the following measures:

- 1) All types of mobility movement for students/faculties/staff (incoming and outgoing) planned for the summer semester are suspended as of 13 March 2020 until August 2020 (or until further notice);
- 2) All upcoming international events at Leibniz University Hannover planned for the summer semester are suspended as of 13 March 2020 until August 2020 (or until further notice).
- 3) LUH is currently switching to online services for teaching and examinations. You can find up-to-date information on this on our website www.uni-hannover.de.

We hope that the situation will return to normal over the summer and that we can plan all mobilities for the winter semester as normal.

If you have any questions or need support please contact us. We are always happy to help!

Yours
